NOTICE OF INCREASE TO WATER AND SEWER RATES

The City of Emory City Council held a public meeting on September 10, 2024, and voted to increase water and sewer rates. These rate increases are due to the rising cost of materials, chemicals, and labor necessary to operate a public utility system. The City Council authorized a rate study done in part with TRWA to develop a rate structure that will allow the City of Emory to provide enhanced service to our customers and meet all state requirements. The new monthly water and sewer rates will take effect October 1, 2024, this will be reflected on the bill you receive the week of October 21st.

WATER BASE RATES

	<u>Old Rate</u>	<u>New Rate</u>	<u>Difference</u>
